## Montana Wheat Estimates By Counties and Cropping Practices--1989

RELEASED: APRIL 1990

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted the fall of 1989. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1989 acreage and production of different crops. About 4,500 questionnaires were tabulated. Thanks to those who participated!

# Montana Wheat Estimates By Counties and Cropping Practices--1990

*RELEASED: APRIL 1991*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted the fall of 1990. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1990 acreage and production of different crops. About 6,100 questionnaires were tabulated. Thanks to those who participated!

## Montana Wheat Estimates By Counties and Cropping Practices--1991

RELEASED: APRIL 1992

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on an acreage and production survey conducted the fall of 1991. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1991 acreage and production of different crops. About 5,300 questionnaires were tabulated. Thanks to those who participated!

## Montana Wheat Estimates By Counties and Cropping Practices--1993

STATE DOCUMENTS COLLECTION

RELEASED: MARCH 1994

MAR 30 1994

MONTANA STATE LIBRARY  
1515 E. 6th AVE.  
HELENA, MONTANA 59603

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on an acreage and production survey conducted the fall of 1993. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1993 acreage and production of different crops. About 5,300 questionnaires were tabulated. Thanks to those who participated!

## Montana Wheat Estimates By Counties and Cropping Practices -- 1994 and 1991-1993 Revised

STATE DOCUMENTS COLLECTION

RELEASED: March 1995

APR 06 1995

MONTANA STATE LIBRARY  
1515 E. 6th AVE.  
HELENA, MONTANA 59620

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on an acreage and production survey conducted during the fall of 1994. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1994 acreage and production of different crops. About 9,000 questionnaires were tabulated. Thanks to those who participated!

# Montana Wheat Estimates By Counties and Cropping Practices -- 1995

*RELEASED: March 1996*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on an acreage and production survey conducted during the fall of 1995. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1995 acreage and production of different crops. About 8,000 questionnaires were tabulated. Thanks to those who participated!

## Montana Wheat Estimates By Counties and Cropping Practices -- 1997-Corrected

RELEASED: March 20, 1998

*Corrected to show Other Districts for Durum Wheat.*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted during the fall of 1997.

Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1997 acreage and production of different crops. About 8,000 questionnaires were tabulated. Thanks to those who participated!

## Montana Wheat Estimates By Counties and Cropping Practices -- 1998

*RELEASED: March 1, 1999*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on an acreage and production survey conducted during the fall of 1998. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1998 acreage and production of different crops. About 7,500 questionnaires were tabulated. Thanks to those who participated!

A handwritten signature in cursive script that reads "Peggy Stringer".

## Montana Wheat Estimates By Counties and Cropping Practices -- 1999

*RELEASED: February 18, 2000*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted during the fall of 1999.

Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 1999 acreage and production of different crops. About 7,500 questionnaires were tabulated. Thanks to those who participated! Cropping practice estimates were funded by the Montana Wheat & Barley Committee.

A handwritten signature in cursive script, reading "Peggy Stringer".

# Montana Wheat Estimates By Counties and Cropping Practices -- 2000

*RELEASED: February 15, 2001*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted during the fall of 2000.

Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2000 acreage and production of different crops. About 7,500 questionnaires were tabulated. Thanks to those who participated! Cropping practice estimates were funded by the Montana Wheat & Barley Committee.

A handwritten signature in cursive script, reading "Peggy Stringer".

# Montana Wheat Estimates By Counties and Cropping Practices -- 2000 Corrected and Revised

STATE DOCUMENTS COLLECTION

MAR 19 2001

*RELEASED: March 14, 2001*

MONTANA STATE LIBRARY  
1515 E. 6th AVE.  
HELENA, MONTANA 59620

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on an acreage and production survey conducted during the fall of 2000. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2000 acreage and production of different crops. About 7,500 questionnaires were tabulated. Thanks to those who participated! Cropping practice estimates were funded by the Montana Wheat & Barley Committee.

A handwritten signature in cursive script that reads "Peggy Stringer".

# Montana Wheat Estimates By Counties and Cropping Practices -- 2001

MONTANA STATE LIBRARY  
1515 E. 6th AVE.  
HELENA, MONTANA 59620

*RELEASED: February 19, 2002*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted during the fall of 2001.

Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2001 acreage and production of different crops. About 7,500 questionnaires were tabulated. Thanks to those who participated! Cropping practice estimates were funded by the Montana Wheat & Barley Committee.

A handwritten signature in cursive script that reads "Peggy Stringer".

Peggy Stringer  
State Statistician

# Montana Wheat Estimates By Counties and Cropping Practices -- 2001 Revised - Winter Wheat

RELEASED: March 7, 2002

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted during the fall of 2001.

Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2001 acreage and production of different crops. About 7,500 questionnaires were tabulated. Thanks to those who participated! Cropping practice estimates were funded by the Montana Wheat & Barley Committee.

A handwritten signature in cursive script that reads "Peggy Stringer".

## Montana Wheat Estimates By Counties and Cropping Practices -- 2002

*RELEASED: February 21, 2003*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana.

These county statistics are based on an acreage and production survey conducted during the fall of 2002.

Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2002 acreage and production of different crops. About 6,500 questionnaires were tabulated. Thanks to those who participated!

A handwritten signature in cursive script that reads 'Peggy Stringer'.

# Montana Wheat Estimates By Counties and Cropping Practices -- 2003

*RELEASED: February 12, 2004*

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on an acreage and production survey conducted during the fall of 2003. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2003 acreage and production of different crops. About 6,900 questionnaires were tabulated. Thanks to those who participated!

### Montana Wheat Estimates By Counties and Cropping Practices – 2004

MONTANA STATE LIBRARY  
1515 E. 6th AVE.  
HELENA, MONTANA 59626

**Released: February 16, 2005**

The Montana Agricultural Statistics Service compiles the only annual county estimates for Montana. These county statistics are based on acreage and production surveys conducted during the fall of 2004. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2004 acreage and production of different crops. About 6,900 questionnaires were tabulated. Thanks to those who participated!

A handwritten signature in cursive script that reads "Peggy Stringer".

MONTANA STATE LIBRARY  
1515 E. 6th AVE.  
HELENA, MONTANA 5

USDA, National Agricultural Statistics Service, Montana Field Office compiles the only annual county estimates for Montana. These county statistics are based on acreage and production surveys conducted during the fall of 2005. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2005 acreage and production of different crops. About 8,200 questionnaires were tabulated. Thanks to those who participated!

Released: February 13, 2007

USDA, National Agricultural Statistics Service, Montana Field Office compiles the only annual county estimates for Montana. These county statistics are based on acreage and production surveys conducted during the fall of 2006. Questionnaires were sent to a sample of farmers and ranchers throughout Montana asking for information on the 2006 acreage and production of different crops. About 5,846 questionnaires were tabulated. Thanks to those who participated!
